# John Paul L. Burato

WEBSITE DEVELOPER

I'm a website developer based in the province of Rizal, Philippines – specializing on the LAMP stack.

## EXPERIENCE

### JUL 2019 – PRESENT

#### Progressive Medical Corporation

Website Developer – Developed various websites and web-based systems with the **LAMP** stack. From UI/UX drafting, project file system designing, Database design up to configuring Apache servers on deployment. Some notable technologies, frameworks and applications used are: REST APIs, **Object Oriented Programming**, DRY, Woocommerce API, **MVCL** design, SEO Fundamentals, Wordpress and **Opencart**, **Vue3**, **Electron** and **Cordova**.

### MAY 2019 – JUL 2019

#### Bigtime Empire Corporation

Website Developer – Managed **nginx** webservers and maintained various **wordpress** created websites using **Elementor** and **DIVI**.

### NOV 2018 – MAR 2019

#### Dibztech Inc.

Intern Developer – Collaborated with fellow interns using **GIT** and helped further the development of an internal web-based system written in **Laravel** and **Vue.js**.

### JUN 2017 – PRESENT

#### Self Employed

Visual Novel Developer – Developed and published **VNs** on **itch.io** from scratch using **Ren'Py**, a visual novel engine written and runs on **Python**.

## TECH STACK

Technologies, Languages, Software, Design and Paradigms I have knowledge of.  
Marked \* indicates items that are daily used and I am comfortable working with.

<b>PHP *</b>	<b>Node.js</b>	<b>Ren'PY</b>	<b>MongoDB</b>	<b>MySQL *</b>
<b>Sass</b>	<b>CSS *</b>	<b>HTML</b>	<b>JS Es6</b>	<b>Twig</b>
<b>Vue.js *</b>	<b>Opencart</b>	<b>Jquery *</b>	<b>Wordpress</b>	<b>WP REST</b>
<b>OOP *</b>	<b>MVC L</b>	<b>GIT</b>	<b>DRY</b>	<b>UI UX</b>
<b>Apache *</b>	<b>Nginx</b>	<b>FTP</b>	<b>APIs</b>	<b>Postman</b>

Aside from working full time in the corporate world, I've become a freelance developer and served clients such as Canvasspoint, Bigtime Empire, Technomed and undergraduate Masteral Professors. Also proficient on various media design software, I've also catered minor graphic designing and video editing for undergraduate college students.
